

## Climate Change International Technical and Training Center (CITC)

Recognizing the importance of capacity building on climate change, in 2014, Thailand Greenhouse Gas Management Organization (TGO) under the Ministry of Natural Resources and Environment established **Climate Change International Technical and Training Center (CITC)** as a “one-stop technical and training center” and networking platform on mitigation and adaptation for the Southeast Asia countries.

### **Mission**

1. Provide capacity development on climate change mitigation and adaptation
2. Promote climate change networking platform
3. Promote knowledge dissemination on climate change mitigation and adaptation

### **Target Groups**

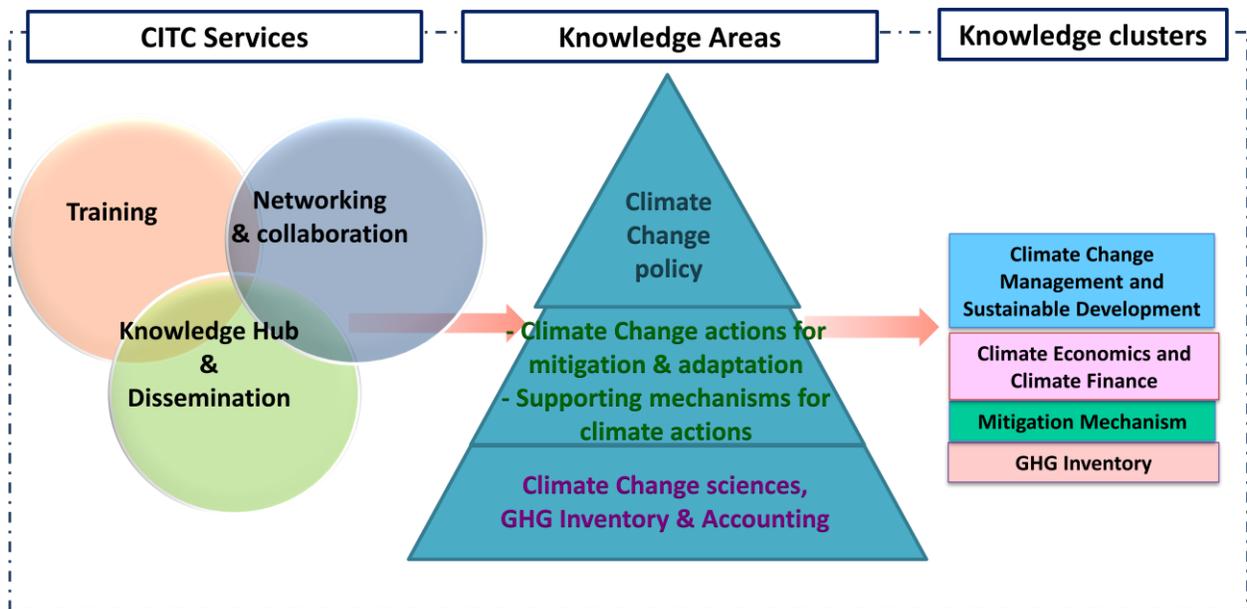

Mitigation/Adaptation related government agencies, academic institutions, private companies and general public in Southeast Asia countries.

### **Knowledge Area**

1. Climate Change policy-related issues
2. Climate Change actions for mitigation & adaptation
3. Supporting mechanisms for climate actions e.g. climate economics and climate finance
4. Climate Change sciences & GHG Inventory & Accounting

### **Signature Courses**

1. Greenhouse Gas Inventory
2. Climate Change and Sustainable Development
3. Mitigation Mechanism and MRV
4. Climate Economics
5. Climate Finance
6. Climate Change Adaptation

3<sup>rd</sup> CITC Regional Conference on Climate Change and Sustainable Development: “How to Accelerate Climate Actions in Asia through Capacity Building and Climate Finance” co-organized by CITC/TGO, UNFCCC and JICA

**More Bankable, Viable Projects Needed for Faster Asia Climate Action**
