National Adaptation Plan

VISION

“Thailand is resilient with adaptive capacity to climate change impacts, and moves towards sustainable development”

MISSION

1

To build climate resilient development in all sectors at all levels

2

To strengthen capacity and awareness at all levels

3

To develop databases, research, knowledge, and technology

Period of Implementation

2018 - 2021

Preparation period
Foundation laying, and Policy level pushing action

2022 - 2026

Implementation period
Developing mechanisms and building capacity

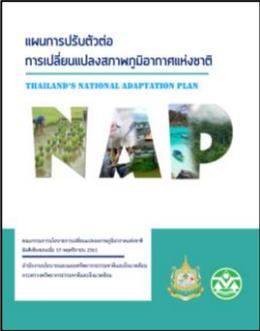

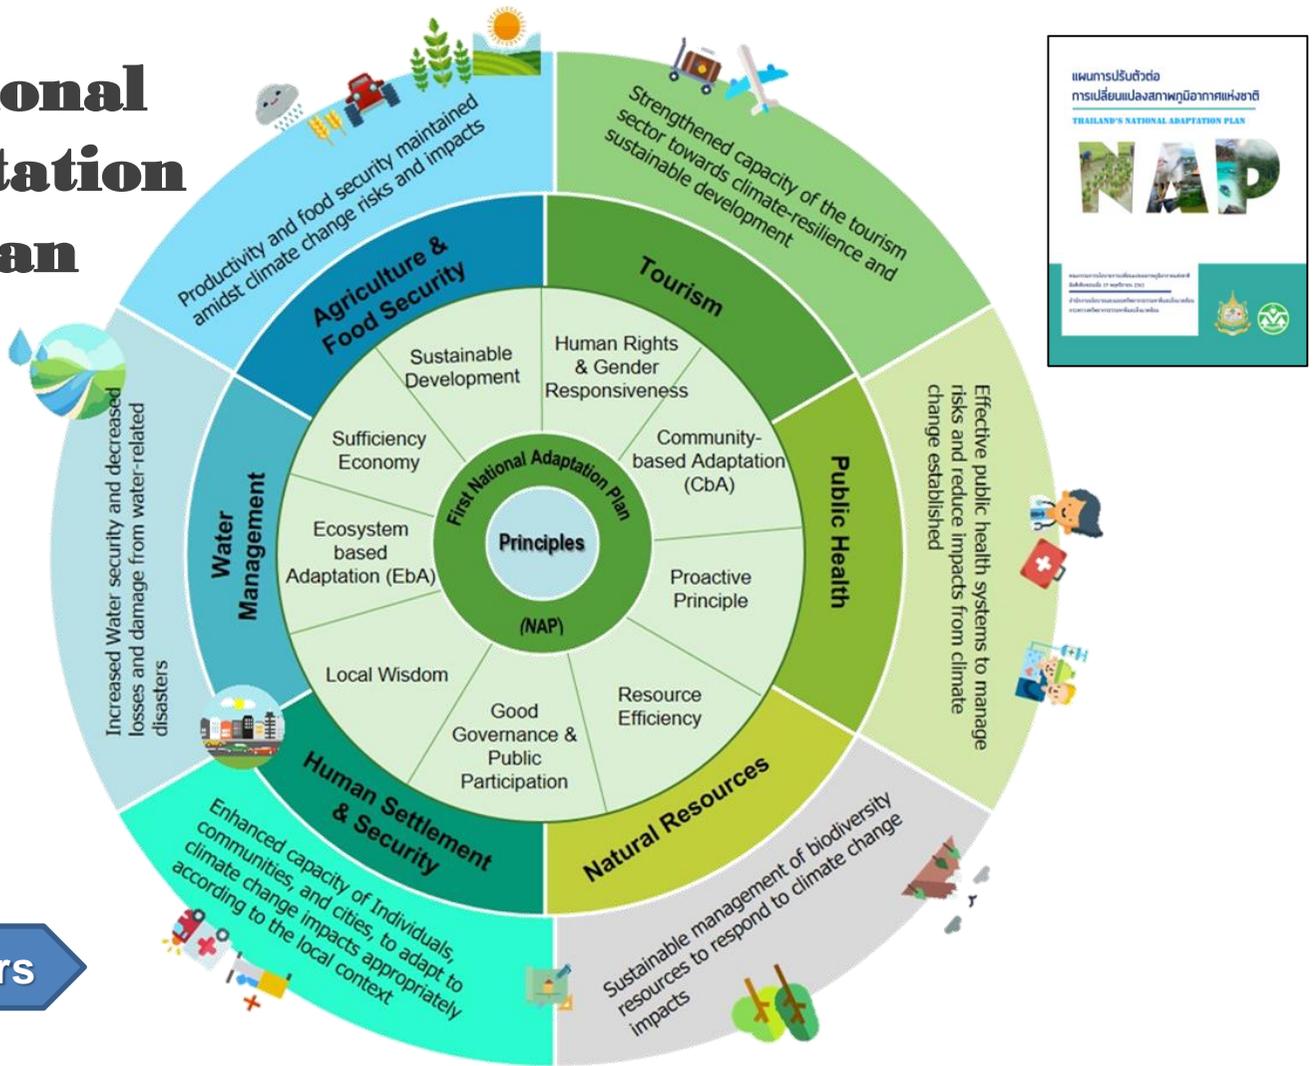

2027 - 2037

Achieving goals period
Action to achieve outcome and goals

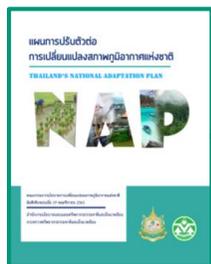

National Adaptation Plan

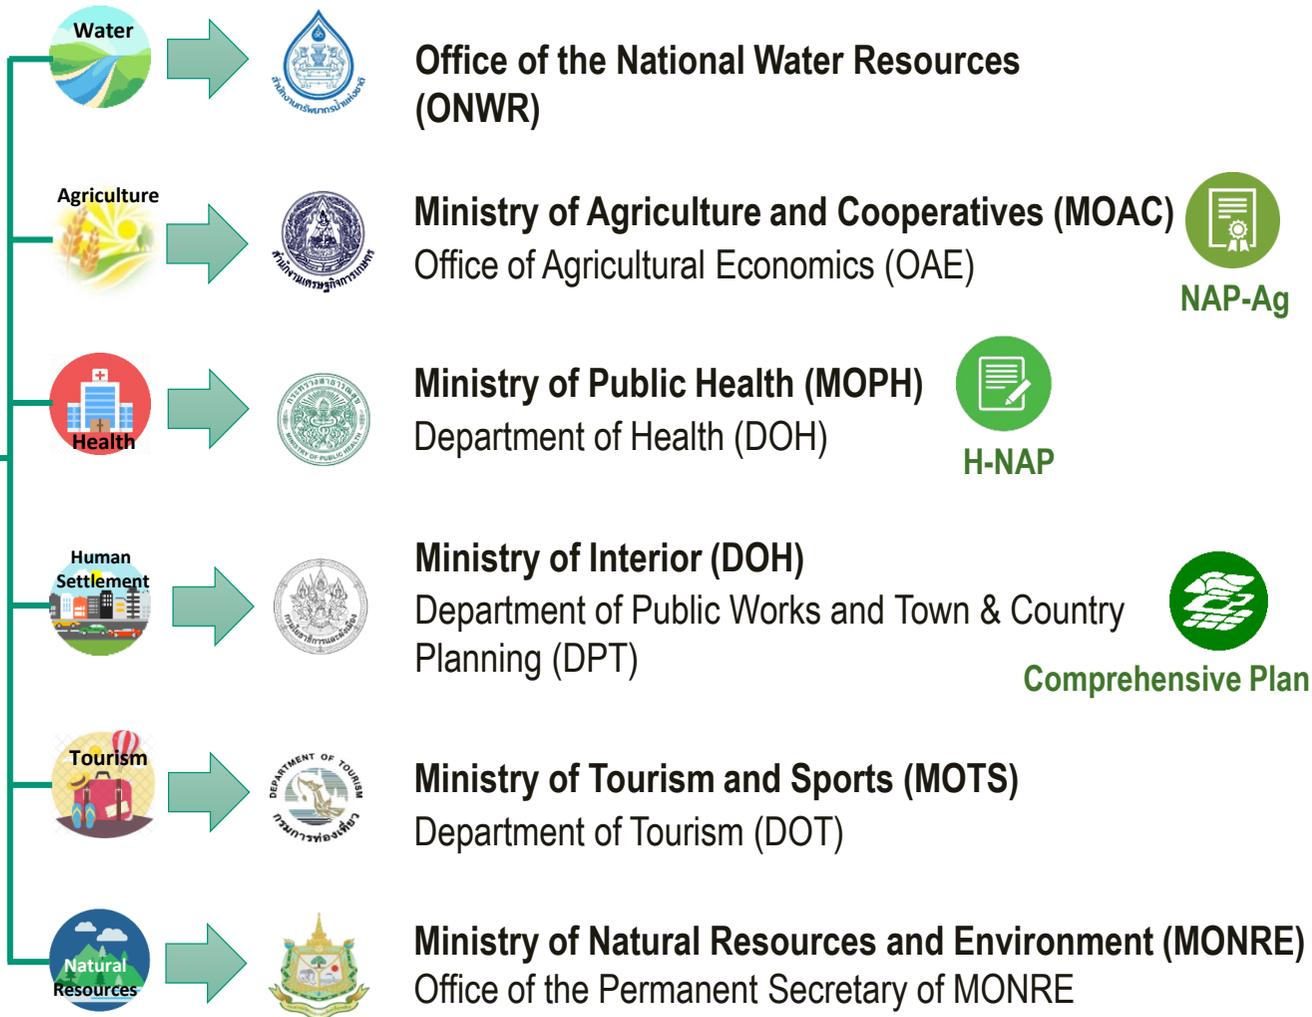

6 Sectors

Sectoral Integration

**6
Sectors**

giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

on behalf of
 Federal Ministry for the Environment, Nature Conservation and Nuclear Safety
 of the Federal Republic of Germany

RISK-BASED NATIONAL ADAPTATION PLAN PROJECT

“Towards a climate resilient development in Thailand”

Objective

Integrating climate risks and implementation of climate change adaptation into sectoral plans & area-based development plans

Duration

4 years (2015-2019)

National Level

Integrating risk-based adaptation planning into national policy and budgeting processes in Thailand

Identify and prioritize in a participatory manner key climate risks in Thailand

Support the development of Thailand's NAP

Integrate climate risks into sectoral plans, especially in the health, tourism, and human settlement sectors

Foster regional and international cooperation on climate change adaptation

Provide guidance for mainstreaming of adaptation at sectoral and sub-national level

Sub-National Level

Integrating climate risks into development and spatial planning in 4 pilot areas in Thailand

Develop area-based climate change and socio-economic scenarios and assess future climate risks

Provide training on utilizing climate change data in planning and budgeting processes

Integrate climate risks into development policies and actions

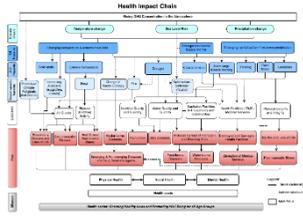

RISK-BASED NATIONAL ADAPTATION PLAN PROJECT

“Towards a climate resilient development in Thailand”

National Level

Approach

- Stock taking
- Knowledge exchange
- Knowledge/Tools/ Best practices from the International experts
- Networking etc.

3+1 Pilot Sectors

DOT

DOH

DPT

ONWR

giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

on behalf of
 Federal Ministry for the Environment, Nature Conservation and Nuclear Safety
 of the Federal Republic of Germany

RISK-BASED NATIONAL ADAPTATION PLAN PROJECT

“Towards a climate resilient development in Thailand”

Sub-National Level

4 Pilot Areas

Upper Chao Phraya Basin

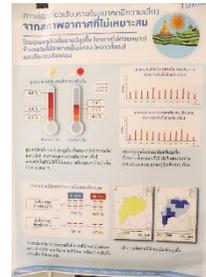

Robust agriculture system for rice-based agriculture system

Andaman Coastal Area
 Robust Development Planning

Study Training & Workshop

Approach

- Scoping Assessment
- Awareness & Knowledge building
- Stock taking
- Discussion
- Suggestion etc.
